MADE IN USA

ShadowPartner LE gives officers a realistic, articulating training partner for control tactics, takedown entries, combat cardio, and repetitive skill development. Designed for high-repetition training without requiring a live partner for every rep.

GROUND CONTROL

REAR CUFF POSITION

ARM AND WRIST LOCKS

TAKEDOWNS

MISSION-FOCUSED CAPABILITIES

- > Defensive tactics, control holds, escorts, handcuff repetitions, and takedown entries
- > Clinch work, baton strikes, striking sequences, and conditioning drills
- > Ground-control transitions and custody-position repetition
- > Solo training when partners are limited
- > Safer high-volume reps for technique development
